\$50,000 shall be multiplied by the fraction the numerator of which is the CPI for September of the calendar year preceding the calendar year subject of adjustment and the denominator of which is the CPI for September, 1978, which is 219.5. The resulting figure shall be the Minimum Permitted Cost for any house, the Plans for which are approved by the Committee during the calendar year of adjustment.

The Owner of each Lot shall maintain any easement area on or about the Lot and all improvements in, on or about the easement area, except for those improvements for which a public entity or utility company is responsible.

Section 11. No noxious or offensive activity shall be carried on upon any Lot, trail, or right-of-way on or about the Property; nor shall anything be done thereon which may become an annoyance or nuisance to other Lot Owners.

Section 13. Any Improvement constructed on any Lot in the Property shall be completed as to external appearance, including finish painting, within six (6) months from the commencement of construction except for Acts of God in which case a longer period may be permitted.

Section 14. No sign of any kind shall be visible from the exterior of any Improvement on a Lot except (i) one professional sign of not more than one square foot, (ii) one sign of not more than five square feet advertising the Lot for sale or rent, or (iii) signs used by a builder to advertise a Lot for sale during the Construction period.
